[Speaker 2] (0:00 - 0:06)

And when all I gotta do is record it and then give it to the AI and BAM there's the list. So what you need?

[Speaker 1] (0:07 - 0:19)

Go ahead It's on. I was just gonna say macaroni salad and the Parry and uh And the heck you got a milk on her and macaroni cheese on her. Yeah, we need some extra milk.

[Speaker 2] (0:19 - 0:31)

Who's gonna make the macaroni cheese? He made he made So he like he'll make pasta and then he'll use different seasonings. It'd be so good Well, that's okay.

I don't know what he's putting in it, but I'm like it's good.

[Speaker 1] (0:31 - 0:36)

Just regular macaroni cheese for me, please Yeah He made one the other day.

[Speaker 2] (0:36 - 0:39)

I was like This and then he was like, are you liking it?

[Speaker 1] (0:39 - 0:48)

I was like, yeah, yeah, yeah, come on From Afghanistan and they really are good at spice hell up there. Yeah, they do More than we do, way more than we do.

[Speaker 2] (0:49 - 0:59)

He was like, you want some of that white ketchup? Ah, not white ketchup, not for me. No, what is it?

White ketchup? I said mayo? Yeah, the white ketchup, I said that's mayo.

[Speaker 1] (1:00 - 1:02)

Oh, the white ketchup is money.

[Speaker 2] (1:02 - 1:15)

He's like, oh, what is it? That's funny. That's hilarious.

White ketchup. I was like, what are you talking about? Oh, where is he?

He's back there. You know why? I don't know right now.

Oh, okay. He's eating the cookies.

[Speaker 1] (1:15 - 1:45)

Okay, he's eating the cookies. That's what I eat most weeks. What up?

I told you, that's what I can think of right now. That's it? But we got \$55, we better think of something.

But that doesn't mean we gotta spend it all either. We need Well, let me look at the list we got now. Thank you, that's what I'm trying to get you to do.

I want to add macaroni salad And we already got my, uh, my eggs on there. What else was there?

[Speaker 2] (1:45 - 2:12)

At the grocery list Yeah, I got Powerade Red One Sugar Free Ranch Dressing But we don't even need ranch dressing. Who's eating ranch dressing right now? Not me.

One less thing we need. We need to make sure we have plenty of drinks. What?

We need to make sure we have plenty of drinks somehow.

[Speaker 1] (2:12 - 2:57)

Well, we definitely need plenty of drinks. That's to the right of Greece with that one. But I need to watch my more drinking during the daytime and not so much at night.

So we don't have to We still have to deal with the chocolate waffle. And then, um We're getting ready to buy that bunch of things at the end. Amish Macaroni salad Oh my god, macaroni salad.

See guys, I can say, Gordy, Same as you would have been. You don't have to give me the whole container. Put some in a smaller container, bring it in there nice and cold And the last is the nighttime food.

We need bread. Oh, we smashed that loaf. Me, you, and Head, gone.

Okay, so what are we going to do about more We didn't bring out that lunch meat. I like lunch meats. Do you?

[Speaker 2] (2:57 - 2:59)

I like that turkey. It was so good. It was cheap, too.

[Speaker 1] (3:00 - 3:08)

And Frank said that Turkish sauce is like um You know, like a What do you call the big ones?

[Speaker 2] (3:09 - 3:12)

The sausages? Oh, hot dogs?

[Speaker 1] (3:13 - 3:33)

That one's bigger. Bratwurst? Well, it's sausage.

I think they add some to the turkey. Really? Well, it's sausage.

I think it's really good. I asked that question to Frank. Do you like that kind of stuff?

No. No, I'm just going to It's really good for me in a mac and cheese.

[Speaker 2] (3:34 - 3:41)

Oh, in a mac and cheese? I like the tuna. Okay.

I like tuna and mac. No, we don't.

[Speaker 1] (3:41 - 3:55)

I thought we did. I ate it. Oh, I'll get some more.

That's something we can use. We can use that. We need that.

And there's protein for me. I've got to have the protein. Oh, one thing I think I should have but I don't think it's going to do any good.

It ain't enough. It ain't enough money, either.

[Speaker 2] (3:56 - 4:05)

It's like \$10 right there. But we can get the protein from the tuna from the turkey and that creates more meals, more variety.

[Speaker 1] (4:05 - 4:06)

Yeah, that helps.

[Speaker 2] (4:06 - 4:27)

Yeah. And it's also non-dairy so it won't upset your stomach as much. Okay, we're just going to make it from the 7th to the 9th right now.

That's what I'm trying to tell you. You saw how good I did yesterday. I got everything.

I got all kinds of stuff. No, you did good. And you did good today.

Milk.

[Speaker 1] (4:28 - 4:39)

We haven't even touched the milk yet. It don't matter. I'm going to suck that shit in there when I get up.

Oh, so milk. I can eat my cocoa pebbles. There's still cocoa pebbles.

[Speaker 2] (4:40 - 4:41)

I didn't finish them.

[Speaker 1] (4:42 - 4:50)

I don't usually eat them. I like cinnamon toast crunch. The regular?

The cheap one. I don't know about no cheap ones.

[Speaker 2] (4:50 - 5:17)

The unbranded one. The regular cinnamon toast crunch. It's too sugary and it's too expensive.

It's like \$6. I don't care about that. I want the taste.

The cheap one's good, too. I don't know if I believe you. You're lying about that.

I was right about the turkey. You told me you know why it's good. Because it's beef.

You said that.

[Speaker 1] (5:18 - 5:20)

You told me the turkey was good.

[Speaker 2] (5:20 - 5:21)

But you didn't know you was eating it.

[Speaker 1] (5:21 - 5:25)

But you didn't know the Ostermeyer turkey was good.

[Speaker 2] (5:25 - 5:37)

Yeah, I did. Because you told me about it. That's why I got it.

I was like, didn't she tell me she wanted turkey? I was like, and it's cheaper? I only said beef because I know beef is good, too.

I figured that.

[Speaker 1] (5:39 - 5:40)

They're both really good.

[Speaker 2] (5:40 - 5:41)

I was trying to balance.

[Speaker 1] (5:43 - 5:45)

For me, it's not religion. It has nothing to do with religion.

[Speaker 2] (5:46 - 5:47)

I was trying to balance cost.

[Speaker 1] (5:48 - 5:49)

I was also thinking about time.

[Speaker 2] (5:50 - 6:06)

The turkey wasn't his thing, too. I was trying to balance what you wanted. You also want to have something nice that you like.

That's not what I like. So I was like, where do I find the balance? You're going to lose that part.

What else? We need probably some chips to munch on sometimes.

[Speaker 1] (6:07 - 6:08)

Well, the chips are fine.

[Speaker 2] (6:09 - 6:10)

What kind of chips do you like?

[Speaker 1] (6:11 - 6:13)

You know what kind of chips I like.

[Speaker 2] (6:14 - 6:18)

But what about unbranded ones? Any one that you like?

[Speaker 1] (6:20 - 6:22)

Yeah. The grapes I use are fine.

[Speaker 2] (6:22 - 6:27)

Just regular ruffle? Lays potato chips? Same as a ruffle.

[Speaker 1] (6:28 - 6:44)

Cheddar, sour cream, and onion. Great value is good. All the great value chicken is good.

Especially the boneless chicken motherfucking wings. Walmart boneless wings?

[Speaker 2] (6:44 - 6:44)

They never have them.

[Speaker 1] (6:45 - 7:01)

You know why they never have them? They're so fucking good. If they ever have them, grab them.

They're in a blue bag and they never have them because everybody loves them and they buy them up. They never have them. They might have them at the big Walmart, but we don't go there.

[Speaker 2] (7:02 - 7:11)

I go there. Well, you might go there, but I don't. Okay, that can wait.

That's pet stuff that we already talked about.

[Speaker 1] (7:11 - 7:14)

Well, we got a member for \$148 and two days left.

[Speaker 2] (7:14 - 7:16)

Okay, so we don't need that.

[Speaker 1] (7:17 - 7:18)

We got \$55 on what we got now.

[Speaker 2] (7:18 - 7:20)

We're good on paper towels, toilet paper.

[Speaker 1] (7:21 - 7:30)

Yeah, you got to realize that buy stuff like that. You got to think. What about the wipes?

We need wipes.

[Speaker 2] (7:31 - 7:48)

I get them for \$3 and it's like three of them. And they're ones we like. No, they're \$6 and it's the big stack.

We need those. Oh, and the gloves. Oh, I have them.

They're in my other bag. I knew I grabbed them. No, I just put them here.

No, I got them from the hospital.

[Speaker 1] (7:49 - 7:50)

I threw a bunch on the bed.

[Speaker 2] (7:50 - 7:59)

I still have some in my purse. Yeah, there's some right here. I'll go visit someone.

Look at that.

[Speaker 1] (8:01 - 9:01)

Gloves galore. Well, that's okay. You don't have that many over here.

Yeah, I'm afraid. I hope I don't. Oh, wipes.

I hope when I get up and in the wheelchair today for the three or four hours, I poop when I'm up. And get on that porta potty and sit there for a little while and try to poop. And I have no butt.

That has to be over by this. We're not making that mistake again. What's that?

Remember, I couldn't get from there to that. Oh. That's why I got to call the ambulance.

Oh. I have to move that over here right now. Well, we'll figure out that when I get up.

I'll worry about that later. If I have to poop. We'll set that up way before I got to poop.

I'll tell you that much. Because that has to be done. Because if I wasn't in there that morning, that may not happen like it did.

We can't have any more things that's going to make me have to go to that hospital. Your income stops, number one. For too fucking long.

[Speaker 2] (9:01 - 9:01)

Yeah.

[Speaker 1] (9:02 - 9:02)

Way too long.

[Speaker 2] (9:03 - 9:07)

And that has a ripple effect. Yeah. Rates do not get paid.

[Speaker 1] (9:07 - 9:20)

Yeah. You know, I have the money once a month. That's okay.

But I have to be paid back. Because I need other things. That's all my bills.

That's all my bill money.

[Speaker 2] (9:20 - 9:22)

I still got that rental car.

[Speaker 1] (9:22 - 9:23)

I'm not tripping.

[Speaker 2] (9:23 - 9:30)

Now that we got your car back. I need to make sure tomorrow I call Rebecca's ass.

[Speaker 1] (9:30 - 9:31)

We're just going to have to sit down.

[Speaker 2] (9:32 - 9:33)

No, I'll make sure I call Rebecca.

[Speaker 1] (9:34 - 9:43)

We got to make sure we get our money. Even if you're giving me, say, June 13th and then June 13th later. I don't know.

[Speaker 2] (9:43 - 9:45)

Yeah, you don't have to figure out the math.

[Speaker 1] (9:45 - 10:01)

Right now, I'm telling you on the 10th, I need \$19,000 first. Right now. I don't know what else.

I'm going to set up all the stuff I can. But some stuff, like I say, I don't have a phone bill no more. What?

I don't have a phone bill no more.

[Speaker 2] (10:02 - 10:13)

Yeah, we need to cancel T-Mobile. Or at least the internet. You got to cancel that.

This internet, our first bill is next month for \$69,000. Then it's only going to be \$40,000 a month on out of pay.

[Speaker 1] (10:14 - 10:24)

As long as I don't get a hospital. Our main objective is to keep me home. And that's it.

And get back together. Better like I was. Before we ever came here.

[Speaker 2] (10:24 - 10:30)

What did you say that Affirm was? So I can just add it to the bills list. Affirm?

[Speaker 1] (10:31 - 10:34)

Affirm? \$1925 from Mark Stanton.

[Speaker 2] (10:34 - 10:35)

Is it every month?

[Speaker 1] (10:36 - 10:55)

It's monthly. I just want to pay that right now so maybe I can get my credit back. If I go past that and don't pay that.

Not only going to keep me from getting everything I might need. You know what I mean? I don't want that.

That's the whole thing. And then when I get my money from back from the Dale Haven.

[Speaker 2] (10:55 - 10:57)

Give me too many things right now.

[Speaker 1] (10:57 - 10:58)

No, no, no. Listen to this. This makes sense.

[Speaker 2] (11:00 - 11:01)

Just keep talking. It's recording.

[Speaker 1] (11:02 - 11:11)

All I'm saying is when I get my money from Grandview and Dale Haven, I have them in my computer. That's what I'm trying to tell you.

[Speaker 2] (11:11 - 11:15)

Yeah, I know. I'm trying to get the date. When you got to pay it?

Affirm?

[Speaker 1] (11:17 - 11:32)

\$1925. I'll put \$20. I'll put \$20.

Okay. That's all I can think of right now.

[Speaker 2] (11:33 - 11:34)

When does car insurance do?

[Speaker 1] (11:35 - 11:42)

Now that would be I took you that bunch of things. I took you that bunch of things. What green thing?

[Speaker 2] (11:42 - 11:50)

Google Sheets. Oh God, you're going to make me look. You don't know?

I thought you had everything in your memory.

[Speaker 1] (11:50 - 11:52)

That's why I shouldn't write nothing down.

[Speaker 2] (11:52 - 12:03)

Why would I need a Google Sheet? I wouldn't lie. How much is it a month?

\$89. Yeah, we did that last year. Why is it \$89?

[Speaker 1] (12:03 - 12:12)

I gave you everything. You need a what? What's that?

It's an insurance.

[Speaker 2] (12:13 - 12:35)

Oh. We need to get a quote if we add me. What?

We need to get a quote if we add me in Halal. Halal? Because since I'm married, it cuts it in half.

I don't know why. It's weird how insurance works. When I did the quote by myself, it was like \$200 something a month.

I added him and it went down to \$60. I'm like, how does that make sense?

[Speaker 1] (12:35 - 12:42)

Why don't you do that yourself and go to Arky? Because we need other insurance for all of this.

[Speaker 2] (12:42 - 12:44)

She's got a Jeep. I was only paying \$50.

[Speaker 1] (12:46 - 12:49)

I'm paying \$89 right now. I made \$50 yesterday.

[Speaker 2] (12:49 - 12:57)

When was the last time you talked to them? Who? Arky?

No, the insurance. I haven't talked to them. Because they don't automatically lower it.

No, I know.

[Speaker 1] (12:57 - 13:04)

They told me I've had the company for a while. I called them back. And then I could get them for cheaper.

[Speaker 2] (13:04 - 13:04)

Okay.

[Speaker 1] (13:04 - 13:45)

The insurance is due on the 13th supposedly for \$83.97. \$83.97 on the 13th. on the 13th. We got rid of AT&T.

Good. We don't have that no more. And they also don't want their money.

I need to go through my budget to take some things off. Like T-Mobile Internet now. I don't even have that on here.

So there's stuff I can take off and stuff I can't. We'll come back to that. Anyway.

[Speaker 2] (13:47 - 13:48)

I got to make the laundry payment.

[Speaker 1] (13:49 - 13:55)

But eventually because you get \$700 weekly give or take.

[Speaker 2] (13:55 - 13:56)

Yeah, then it'll be easy.

[Speaker 1] (13:56 - 13:58)

It'll be so easy.

[Speaker 2] (13:59 - 14:11)

Part of my plan is actually to pay up a whole month of bills ahead of time. That way we always have a month. Of course.

That way everything's automatic. One account, done.

[Speaker 1] (14:13 - 14:30)

That way you don't have to worry about nothing being gone, nothing being lost. You got to realize, Cody, this is what the deal we really didn't need. This house we really didn't need.

\$700, \$320, \$340. Fuck, I don't care what you say. Fuck, this is downright sure.

Was it going to be doable?

[Speaker 2] (14:30 - 14:36)

Probably not. We were going to be fucked. No, we weren't.

[Speaker 1] (14:36 - 14:43)

Well, yeah, the bitch never did anything to us. You know what she had the nerve to do? That bitch sent me, finally asked me a request to pay.

[Speaker 2] (14:44 - 14:50)

She sent it, literally, or the system sent it? I don't know, maybe she did.

[Speaker 1] (14:50 - 15:13)

I don't know if she did. You fucking bitch, really? Did we already get a water bill?

No, that's from Otis. Otis showed me a zero bill. He paid \$376.

I told him, as long as you show me a zero bill, then I can pay you the bill if that's what you want.

[Speaker 2] (15:15 - 15:17)

Oh, so it's still in his name right now? Okay.

[Speaker 1] (15:17 - 15:28)

He wanted to do that, so whatever, I don't care. As long as it's a zero bill, yeah. Do you know about when the bill's due?

[Speaker 2] (15:30 - 15:45)

Well, he just got a CinderPoint bill like a week ago or whatever, right? So, I don't know. That means it comes like at the end of the month.

I'm just trying to get the closer together.

[Speaker 1] (15:45 - 15:47)

We haven't done that yet.

[Speaker 2] (15:48 - 15:52)

Well, I'll just move it around real quick just to get a better estimate, idea.

[Speaker 1] (15:52 - 16:00)

We all sit down together, what all our bills are, what we need to pay together, what we don't need to pay together, what needs to be separate, and all that kind of stuff.

[Speaker 2] (16:01 - 16:01)

Yeah.

[Speaker 1] (16:02 - 16:31)

Oh, you mean this? What? You mean this?

You're going to be worse than my clothes, too. I got a part of that, too, eventually, but right now, you know, that's going to become part of my bills, too, because we've got to get rid of some bills to get the other bills. That's the plan.

That's the plan. Why get rid of the T-Mobile internet? Yeah, you want to call them right now?

You want to call them right now? T-Mobile? Cancel the internet?

Yeah. Why would you want to go in there all day?

[Speaker 2] (16:33 - 16:34)

I don't know what you want to do.

[Speaker 1] (16:36 - 16:37)

Are you ready?

[Speaker 2] (16:39 - 16:42)

Okay, you talk about all kinds of stuff. I'm like, what are we doing?

[Speaker 1] (16:42 - 16:44)

All I want to do is set up. I've told you that for hours.

[Speaker 2] (16:45 - 16:46)

Girl, you told me 50 things.

[Speaker 1] (16:46 - 17:09)

I was waiting for that. All day long, I've been waiting for that thing to make it here so I can set up. Do you think that's smart?

No. I do. Oh, yeah, set up our own country bank.

That'd be great. I should be. You don't want to do that.

I'll do this on.

[Speaker 2] (17:11 - 17:17)

Why does that look like it ain't on? What is what ain't on? Are you out?

That's right.

[Speaker 1] (17:18 - 18:03)

They ain't even on. I thought I was using the one over there. I'm tripping.

That's on now. Why don't you explain to me how to change kitty litter That just shows you that you're a fucking dead elf. Because I had no idea that I didn't put it on.

And you know damn well I'm out of breath when I don't have it on. When I first quit. I get all this shit that's in my feet around the way.

You're going to have to when I'm up in a wheelchair change this bag, make my pits off the floor. It wasn't all light but it did get down there. We don't want no pussy on the floor.

[Speaker 2] (18:04 - 18:04)

Yeah we don't.

[Speaker 1] (18:05 - 20:18)

Because that soaks in through wood. Eventually. But that's a little thing.

That'll take you 5 or 10 minutes to clean up. And then just redo the bed for when I get back in it. Probably 3 hours from now.

You want me to get everything set up? Basically just get everything out of the fucking way so I can do it. Basically.

Like this. I don't know if this is going to be on. I don't know how you put your blankets in bed.

I can wash it. We're going to use a different blanket. The bed blankets we'll have to use.

I don't know what we're going to use. What are you doing? I'm out of my business.

I figured if I could first just set up my feet on the blue thing down there. The electric chair. The pads.

Just set up for a little bit. It should be. Then I can work towards putting my ass over on that damn wheelchair.

And get the t-shirts I want. And put on those new underwear and see how much feel they hold. Because if they don't I'm going to have to put on a diaper.

Because I'm not going through this shit tonight. If I've got to change that diaper in bed I'm not going through this shit tonight. And then we'll try the thing on Friday.

Is that tomorrow? If the thing comes tomorrow? And if they get me up walking or I get myself up walking I won't need no goddamn freaking shit like that.

But I'm hoping tonight Just by themselves I'm going to wrap a diaper over them or something. Whatever I'm going to do tonight. I'm going to keep this bed.

Even if it gets wet. I'm going to keep the bed not to get wet. I don't know if it got wet or not.

I don't think it's wet. Per se. I'm wet.

What? What do you mean? No I can move it.

I just want it to be where I can sit up on my feet somewhere for an hour.

[Speaker 2] (20:20 - 20:40)

Oh no it doesn't. I just cleaned it up. You just did?

With a mop? With my foot. And paper towels.

It's clean. I sprayed it with cleaner. Oh I didn't know.

I'm 36 years old.

[Speaker 1] (20:42 - 21:04)

Well The only thing that I'm going to get you to do today Remember Go out there and go for today. No. I need to sit up.

I don't know. I need to sit up. I don't know what I'm going to do.

[Speaker 2] (21:05 - 21:05)

Just pull.

[Speaker 1] (21:07 - 21:42)

I don't want you to do the neck. I don't want you to do the neck. Ok stop it.

Ok I'm going to just I know it's going to be easy but I'm going to do it in a while. Oh my god. That might take a while.

That's probably because I've been sideways too much. I think I need to sit here for a while. Make sure I'm in a posture now.

Yeah you're good. I think I'm going to have to do that.

[Speaker 2] (21:43 - 21:44)

That's what was the plan?

[Speaker 1] (21:44 - 21:56)

Yeah that was the plan. I just got used to it. I just went from sideways to straight up after two days.

That don't make you do it. It will make you do it. It sure did.

Damn.

[Speaker 2] (21:57 - 22:05)

I just got something in the way. Is that what it is? These buttons just not work?

They sure don't.

[Speaker 1] (22:07 - 22:31)

I think getting in the wheelchair is not the problem. I've got to be not dizzy to get in the wheelchair. Well even if I just stay here.

This is the groove. They also let me just get up and sit in a chair. Even if I'm like that's not going around in a wheelchair.

That's not going to be a deal. I need to sit up for a while. But you can't use the bed while I'm doing that.

So I'm going to have to get over there. I think I'll be alright.

[Speaker 2] (22:32 - 22:37)

I'm alright right now. I have an 8. That's why I said you're not a cookie.

[Speaker 1] (22:38 - 22:39)

No I'm not a sugar.

[Speaker 2] (22:41 - 22:45)

Anything but sugar. I haven't taken any meds. No.

[Speaker 1] (22:47 - 23:03)

I read that made me poop. I'm trying to think. I'm trying to think what I'm going to do.

That's by far the way you're dizzy. You know when you don't eat you're dizzy.

[Speaker 2] (23:04 - 23:21)

I was dizzy. I was like I've got to eat. I've got real oxygen on us.

[Speaker 1] (23:21 - 23:49)

If you know. You're on it. You're on it.

I'm on it. Oh yeah. It could be the morning.

I think it's laying down too. You have to do it. You have to do it.

Because I come back all the time. I don't want to make me go this and do the other. Or whatever it is.

I think it's laying down too.

[Speaker 2] (23:49 - 23:51)

You've got to breathe through it. Yeah.

[Speaker 1] (23:53 - 23:54)

I'm sitting here doing some deep breaths.

[Speaker 2] (23:55 - 24:04)

I need that too. And I'm hot. Don't open it.

Open it for light and air. I like it.

[Speaker 1] (24:04 - 24:10)

I'm going to do the left running that the air is on. That way it's mild. It all goes down at the same time.

[Speaker 2] (24:10 - 24:19)

If it's running on 68 or something. That's what I figure. That's what I figure.

It's probably about 70 or something outside anyway. At night.

[Speaker 1] (24:20 - 24:26)

The thing about moving makes me feel like I'm going to fall over. Oh that's terrible. Well that's what dizziness is.

[Speaker 2] (24:26 - 24:28)

I don't like that. I know.

[Speaker 1] (24:29 - 24:34)

See I got vertical when that happens. I think I'll be okay.

[Speaker 2] (24:34 - 24:49)

Also your chair. Do you like the position it's in? Oh no.

I'm telling you. It needs to be more up or more down. Leave it over there.

I'm going to take care of that. I need to get up.

[Speaker 1] (24:49 - 24:50)

I'm sorry.

[Speaker 2] (24:52 - 24:53)

You're fine. I'm going to roll up.

[Speaker 1] (24:56 - 25:23)

Like I said. I just got up. That's why I said I need to stay here.

Get up for a while. Maybe 30 minutes. Then I just slide right over there and move.

Because I want to right now. But I'm like no. You better not.

You're going to feel like you're going to fall off that fucking chair. And throw up. No that's what's going to happen.

You're going to throw up. Your head is spinning. You're going to puke all over this fucking.

We don't want that.

[Speaker 2] (25:24 - 25:30)

What would be the worst thing that could happen to you? Let me take her a little bit first. Because it's going to be damn gross.

[Speaker 1] (25:32 - 26:02)

I think I'll just take her first. Maybe a cold rag. That might help.

I'm trying to think what would help dizziness. Well dizziness. Oh don't say time.

Well I just set up something. Just set up. Make sure your feet are grounded.

I thought that would be the best idea. Set up for a while. Because I want to get on a t-shirt.

The underwear. Test them out.

[Speaker 2] (26:16 - 26:33)

This guy has a face with it. You feel good don't you? Yes.

Now that you've wiped your face. You need to feel a little more cool. That will help.

I won't point it at you.

[Speaker 1] (26:36 - 26:38)

Yeah I just need to chill out a little bit.

[Speaker 2] (26:40 - 26:41)

Does that feel better?

[Speaker 1] (26:46 - 26:56)

I'm going to try to put my hand on. Not my pillow. I'm going to try to put my fucking hand on.

That's better. I put my hand down there. Yeah.

[Speaker 2] (26:58 - 27:00)

Put a little bit of alcohol on your hand.

[Speaker 1] (27:00 - 27:11)

I need to just chill out now. I feel a little bit better. I think some of them have AIDS.

That's a small sugar cloud. What? How do you know?

[Speaker 2] (27:13 - 27:14)

We never tested for AIDS.

[Speaker 1] (27:14 - 27:33)

We would try to test it. It's on the internet. I think it's part of it.

I was planning on doing that when I got my wheelchair. I took the pain medicine. Give me the pain medicine.

I don't know. Did we read that morphine causes dizziness? No.

[Speaker 2] (27:34 - 27:41)

Yes, morphine causes dizziness. I think it causes it at the hospital too. I've been on your side for two days and it's caused you dizziness.

When I was at the hospital. Hunger causes dizziness.

[Speaker 1] (27:42 - 27:52)

You have all of them. When I was at the hospital too. I was in the bed after the morphine.

And I said, what are you guys expecting me to do?

[Speaker 2] (27:53 - 27:56)

Morphine. And for some reason you have a fear of dizziness.

[Speaker 1] (27:56 - 28:20)

I can say I don't want it. And we would stop that. Because that's what they expect of me right now.

I would have been already in that wheelchair. That's not true. No, I said if it was the only thing that was affecting me.

Then I would be better already. So we can try that by not taking it next time. But, did you ever

eat?

But I'll just eat a taco bell. I could be dizzy from the sugar going up too. And going down.

[Speaker 2] (28:22 - 28:27)

And you haven't ate. So again. Go back to the straight one.

[Speaker 1] (28:28 - 28:29)

We don't know.

[Speaker 2] (28:29 - 28:30)

Let's get your kid.

[Speaker 1] (28:31 - 28:34)

There ain't no exact science to this part. Well, yeah.

[Speaker 2] (28:34 - 28:39)

Bodies are too complicated. They're still figuring it out.

[Speaker 1] (28:40 - 28:46)

But sitting up already, I feel better. Because I'm not sideways. I think that the biggest part of my brain has been sideways for two days now.

[Speaker 2] (28:47 - 28:47)

Literally.

[Speaker 1] (28:47 - 29:00)

And in advance, I can at least lean on my back. Raise up. Go down.

Sit up. Turn to my side. I have choices.

I have no choices now but one way. I think that's the biggest part of the brain.

[Speaker 2] (29:00 - 29:01)

Nuggets, what are you doing?

[Speaker 1] (29:02 - 29:13)

You know I'm not. That's my worst thing being dizzy.

[Speaker 2] (29:13 - 29:14)

I don't like being dizzy.

[Speaker 1] (29:15 - 29:18)

But the good thing is, I'm not usually dizzy. Ever.

[Speaker 2] (29:19 - 29:24)

That's also why I'm not dizzy so much. Yeah, that is why I'm not dizzy. I'm used to it.

I'm not.

[Speaker 1] (29:24 - 29:56)

I'm never fucking dizzy. That's why when it hits me, it's like I got drunk and can't stop it. And I'm not drinking.

That's the worst thing. It's like you're drinking or you're not. I don't know what the fuck that's on my finger for.

I have no idea. Can we try this one? Get the machine ready.

[Speaker 2] (29:57 - 29:57)

That's right.
